

Data Collection - Time Sample

Example: Is the child engaged or off-task during a written assignment? or How often does a child initiate conversation such as asking a question, volunteering an answer, or talking to a peer?

Name _____ Date _____

Behavior Observed _____

Time					
__.:00					
__.:05					
__.:10					
__.:15					
__.:20					
__.:25					
__.:30					
__.:35					
__.:40					
__.:45					
__.:50					
__.:55					
Total					

Nonoccurrence = "-"

Occurrence = "+"

Mark a "+" each time the target behavior occurs during the one minute interval. If no occurrence of the target behavior in one minute, mark "-" in the box.
